Sign & Display Solutions

MULTISHIELD

galvanised steel composite sheets

A double-sided composite panel offering greater strength and rigidity, Multishield's galvanised steel sheets have two different coatings and are also receptive to magnetic media. Now available in either digital/digital or digital/whiteboard finishes.

Strong and durable galvanised steel

- ◆ Strong & durable
- ◆ Magnetically receptive surface
- ◆ Whiteboard finish
- ◆ Specially developed digital coating
- ◆ 5 year guarantee

*Our 5 year guarantee covers interior use only.

MADE IN BRITAIN ◤

Both sides of the panel have a flat, smooth, uniform surface, one side with a digital coating to help produce vibrant, colour-fast prints and the other side with a whiteboard coating.

Ideal for whiteboards, printing and many other applications, the galvanised steel provides additional strength plus the versatility of a magnetically receptive surface.

Multishield panels can be fabricated, are strong, self-supporting and offer outstanding reliability with the backing of a 5 year guarantee.*

Applications

- White boards
- Printing direct
- Sign making
- POS Displays
- Transport
- Industrial production

MADE IN BRITAIN

0.25mm galvanised steel skin that is magnetically receptive.

High quality PE core

Co-extruded adhesive for a superior bond

A choice of Digital coating to help produce vibrant colour-fast prints or dry wipe whiteboard coating.**

Easy-peel protective film
